

Dear Sinclair Corp,
Give me a break. How stupid do you think people are? Quit abusing the public airwaves. You are a prime example of corruption and misuse of privilege in order to line your pockets. Don't you have any idea of fair play and democracy. I hope the FCC takes away your license but seeing who the director of that organization is you are probably safe. I expect to see a Democratic "DOCUMENTARY" after the Republican "DOCUMENTARY"

Thank you.
Don Miller
